

Create Your Own Rock Art

Name: _____

Step 1: Brainstorm Ideas – list three things that represent you and meaningful parts of life. For example - hobbies, interests, family activities, and family.

Step 2: Choose one of your ideas. Use clustering to come up with some details that surround your “meaningful part of your life.”

Step 3: Using words, create a short story (2-3) that describes your “life.”

Step 4: Draw pictures (petroglyphs) to match with each part of your story.

Final Step: Create your own petroglyph in the box below. Share with a partner and see if they can “read” your life story!
