

# Tribal Lands Map Lesson Plan

## Essential Question 2: What are the characteristics of the five Utah Indian Tribes?

1. Students will begin to understand the five Utah Indian tribes. Using the Tribal Lands Map, students will begin to fill in locations of the different tribes in Utah.
2. Using the information from the Utah Division of Indian Affairs, examine the development of the tribes in Utah. Students should be able to identify the tribes by name and location.
3. Students will begin to realize that many of the names of towns and cities in Utah came from the Indian tribes located within the state.
4. Students will be able to identify towns or cities near them that have Indian-origin names.
