Title: "When We Got Otis"

when we
got Otis

One day we got home from school my dad told me to pick up Ben's stuff out front. I went out front and just saw nothing but our front-yard. I went back inside. I went into the kitchen and told my dad that Ben didn't have anything outside. Then Ben came in the kitchen and opened the back door. Daisy and a puppy came in. We named the puppy Otis.
