

DEBATE FORM

UTAH STATE CAPITAL

Each team will present three reasons to support their point of view. Each reason must be supported with an example.

Sample debate reason and example:

I think that the Utah state capital should return to Fillmore, Utah, and here are my reasons.

Point 1: *Having Fillmore as the capital city would increase the economy of the city.*

For example: Legislators would spend money when they come for the legislative sessions, and more tourists would visit the city.

Select your reasons and examples and place them in the following form to create your debate speech. Circle either for/or against depending on the points you are arguing.
