## PROBLEM SOLVING/DECISION MAKING GRID

Use this grid to identify your best problem and best solution.

Give each alternative a different ranking score with each criterion. Scores range from one to four, with four being the highest and one being the lowest. Move down each column in the grid and use each number only once.

	FIRST CRITERION	SECOND CRITERION	THIRD CRITERION	FOURTH CRITERION	FIVE CRITERION	SIX CRITERION
	_____	_____	_____	_____	_____	_____
	_____	_____	_____	_____	_____	_____
	_____	_____	_____	_____	_____	_____
<b>Alternative 1</b>						
<b>Alternative 2</b>						
<b>Alternative 3</b>						
<b>Alternative 4</b>						

**TOTAL SCORE**    \_\_\_\_\_

Are you happy with the decision? Why or why not?
