

Name _____

Assessment for Slides, Flips, & Turns

1. Color and cut the shapes that are congruent.
2. Paste one of the shapes on a piece of grid paper and label it #1.
3. Use a second congruent shape to show a slide of the first shape on the grid paper. Paste the second shape on the paper and label it “slide.”
4. Use a third shape to show a flip of the first shape on the grid paper. Paste the third shape on the paper and label it “flip.”
5. Use a fourth shape to show a turn of the first shape on the grid paper. Paste the fourth shape on the grid paper and label it “turn.”
