

The Tradition Rap

Every family has traditions
for the winter, spring, and fall.

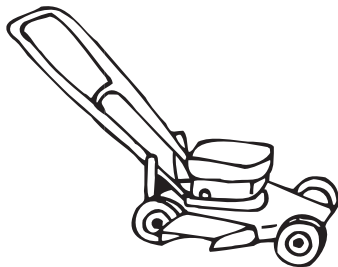

And also in the summer when
relatives come to call.

Some families like camping.
While others like to ski.

Some like to go on picnics,
play games, or watch T.V.

Some families plant gardens
and have chores to do each day.

And many celebrate holidays,
in a very special way.

Traditions are a part
of every family.

Let's give thanks for fun traditions
in the homes of you and me.
