

IT'S A GAMBLE

Think Before You Act

- 1 List six potentially risky situations which involve unreasonable or unnecessary risks.

2. List a positive activity you participate in that involves some risk. Fill in the shield with steps you can take to reduce your risk while participating in that activity.

One way to stay safe is to avoid unreasonable and unnecessary risks altogether. However, even reasonable risks may involve some danger.

Fortunately we can all take steps when taking positive risks that will help protect ourselves and others from injury and harm.

Activity _____

Four ways to reduce the risk

3. Describe three things you learned about risks, choices, consequences, and how to protect yourself from injury and harm.
