**6. Private Zone:**

## Non-Verbal Communication Vocabulary Teacher Key

### Primary Vocabulary

1. **Nonverbal communication:** A way of sending and receiving messages without using words, such as through body movements, facial expressions and eye contact.
2. **Body language:** The expression of thoughts, feelings, and emotions through body movements, such as facial expressions, gestures and body motions.

### Supplementary Vocabulary

3. **Intimate zone:** From skin contact to 18 inches away from us. This zone is guarded closely by us and is reserved for close friends, relatives, and those we trust most.
4. **Personal zone:** Begins at 18 inches to 4' feet. This space is for those that we like. The closer that they are to us the more we like them.
5. **Social zone:** This zone is 4' -12'. It is used for friendly gatherings of acquaintances.
6. **Public zone:** This zone is 12' and beyond. Used by speakers and audiences. The further you are out, the less likely that you are interested in dialogue.
