

## Marital Risks

There are many risks involved in marriage. Below is a list of the most common risks that result in divorce. Based on these risks, how long would most students' marriages last if they were to marry next month?

- 1. Married at early an age (the biggest risk is when the girl is under 20)**
- 2. Parental disapproval of marriage or spouse.**
- 3. Unhappy childhood**
- 4. Poor relationship with parents**
- 5. Poor self-concept**
- 6. Different values**
- 7. Poor attitude about sex**
- 8. Parents are divorced or in a poor marriage**
- 9. Pre-marital pregnancy**
- 10.Length of acquaintance with each other is less than one year before marriage**
- 11.Either partner is physically or emotionally unhealthy.**
