

## Ear Bud Case Supply List

The circles are 5" in diameter so you don't need much fabric. A fat square will be plenty for the main fabric AND lining or if you have scraps that will allow 5" circles, that's great, too. The batting will be supplied for you. A 5" zipper is great but if you have a longer nylon zipper, it can be cut to size.

### Cut from main fabric:

- 1 circle
- 2 half circles
- 1 tab

### Cut from lining fabric:

- 1 circle
- 2 half circles

Cut from batting (or medium weight interfacing, if you prefer): 1 circle

- 2 half circles

You will also need a 1" wide nylon 5" or longer zipper and thread to match.
