What is FCCLA?

FCCLA is the only in-school student organization with the family as its central focus. FCCLA is a career and technical student organization that functions as an integral part of the Family and Consumer Sciences education curriculum and operates within the school system, and it provides opportunities for active student participation at local, state, and national levels.

Mission Statement

To promote personal growth and leadership development through Family and Consumer Sciences education. Focusing on the multiple roles of family member, wage earner and community leader, members develop skills for life through: character development, creative and critical thinking, interpersonal communication, practical knowledge, and career preparation.

National Programs

National Programs encourage members to enhance their personal growth and build leadership skills.

Involvement in FCCLA's Competitive Events programs offers members the opportunity to expand their leadership potential and develop skills for life necessary in families, communities, and workplaces.

STAR Events (Students Taking Action with Recognition) recognize members for proficiency and achievement in chapter and individual projects, leadership skills, and career preparation. STAR Events offer individual skill development and application of learning through the following activities—

- Cooperative — teams work to accomplish specific goals
- Individualized — members work alone to accomplish specific goals
- Competitive — individual or team performance measured by an established set of criteria
