### CHILD GUIDANCE WORKSHEET

**DIRECTIONS:** Try to tell children what you WANT them to do rather than what you DO NOT want them to do. Also, be direct. If you want them to do something, tell them, do not ask them. You might get a NO answer as result and if you do you will need to honor that answer. If you do not want a no, tell rather than give a choice that you may not want.

**EXAMPLE:** Do not say, "Don't stand up when you slide."  
Instead say, "Sit down when you slide."
