

### EQUIPMENT LIST

THIS EQUIPMENT IS DUE IN CLASS ON \_\_\_\_\_.

All equipment MUST be labeled. (This can be done at school. )

1. THREAD--One spool to match your fabric for the first project. One extra spool of any bright color to practice with.
2. SEWING BOX--Select one small enough to fit in your tote tray. It should hold all your sewing tools and keep them together.
3. PINS--Buy the best quality pins you can afford. Iron pins are inexpensive, but bend easily. Steel and brass pins will not rust and are stronger.
4. PIN CUSHION--One that can be fastened around the wrist is preferred.
5. BOBBIN--Check with you teacher to see what type of bobbin you need. You may buy your own at a store or from the teacher for 50¢.
6. SEAM RIPPER--These can be used to help you pick out mistakes.
7. DENIM SQUARES--You will need to bring five denim squares cut from old jeans or fabric scraps. They should be 6 inches square.
8. FABRIC--Decide on the project you want to make. Get the list of supplies that are required for that project.

\*\*\*\*\*

Cut this section off and return it to your teacher for credit.

I have seen the Sewing Equipment List my son/daughter needs for class.
