

Prenatal Development

Summary

Students will Teach to Learn the stages of prenatal development using a booklet, replicas of the fetus at different developmental stages, and a flip chart.

Main Core Tie

Adult Roles And Responsibilities

[Strand 5 Standard 2](#)

Time Frame

2 class periods of 60 minutes each

Group Size

Small Groups

Materials

A Month at a Time -- From Conception to Birth - student Information Binder(color copy each packet and place in a binder with sheet protectors). I have 20 binders so each group has about 3. (I spent several hours putting this packet together from the resources sighted at the end of the Binder, please include these references in your binders.)
A Month at a Time - student study guide
Human Reproduction and Development Kit(from Nasco) 1 for each group
With Child, large--size spiral-bound charts (from Childbirth Graphics.com) 1 for each group.
Labor and Delivery Nurse - Guest Speaker
Pictures from student binder in envelopes (5)

Intended Learning Outcomes

Students will gain a better understanding of how a fetus develops, and the mother physically changes during pregnancy.

Instructional Procedures

See the attached lesson plan.
