1 class periods of 30 minutes each

Materials

See handout

Background for Teachers

Most activities take only a few minutes. These activities fit in well with your regular curriculum for variety.

Intended Learning Outcomes

Students will increase keying ability.

Instructional Procedures

See handout.

Bibliography

I have collected ideas (as we all have) from many sources as well as some of my own ideas. I have tried to always give credit to those who deserve it. If I have forgotten to give someone credit, please let me know so that I can give the appropriate credit. I created all lesson plans.
