Intended Learning Outcomes

Students will be able to do the following:

Identify and explain the appropriate safe use and care of kitchen equipment.

Select appropriate equipment to use for specific product preparation and culinary applications.

Identify and demonstrate different knife cuts.

Review and apply appropriate abbreviations, techniques, equivalents, calculate recipe-size adjustments, and proper measuring techniques with correct equipment.

Instructional Procedures

Teacher and student step-by-step instructions are found below in the "Cooking Terminology Review Lesson Plan" attachment.

Assessment Plan

The students are to fill out their packets completely during the lecture and activities. The students will also be evaluated on their knife cutting skills in a lab. The knife skills worksheet will be completed and turned in before the end of the hour by each student.
