Emotion Commotion

Summary

We are looking to help students develop their interpersonal skills by identifying and demonstrating six basic emotions.

Time Frame

3 class periods of 15 minutes each

Materials

- Laptop, Tablet, or Cell phone (must have access to a camera and the internet).
-Emotionary App (Free in iOS App Store)

Intended Learning Outcomes

- Students will identify their own personal emotions through posing for a photo displaying various emotions.
- Students will identify other students' emotions through a matching game using the emotion photos.

Instructional Procedures

Day 1 - Background Content on Emotions using Emotionary app
Day 2 - Take photos of students displaying various emotions.
Day 3 - Share Emotion photos with class using Yogile.com
