Background for Teachers

Review the materials and pick those that will most benefit your students - there isn't time for everything.

Student Prior Knowledge

Students should be proficient at adding, subtracting, multiplying, and dividing one-digit numbers.

Intended Learning Outcomes

Review of expressions unit.

Instructional Procedures

I recommend playing the jeopardy game in class, then posting the other activities on the class website for students to review outside of class.

Strategies for Diverse Learners

There are many activities to meet the needs of diverse learners.

Extensions

As an extension, there is a second jeopardy game that may be used in a competition against another class.

Assessment Plan

As this is a review, assessment will be the exam given the next day.
