

Bus Com I - Grammar

Summary

This is an activity that involves the entire class. It is a concentration game that I use on the white board to review the definitions of grammar vocabulary.

Main Core Tie

Business Communication 1

Instructional Procedures

Preparation for this activity takes some time, but once created, the materials can be reused. Just laminate the game pieces and arrange them on the white board and you are ready to go.

Arrange the game pieces on the white board in order. Divide the class into two groups. Alternate turns between teams. Students try to match definitions with terms. Once a match is made, they write it on their worksheet or take notes on clean paper. The team that makes a match gets another turn. The team with the most matches wins.
