

# UEN-TV Highlights - August 2020

## History

### Helping Hands: The Lives of Atomic Bomb Orphans

Wednesday, August 5 at 9 p.m.

The goodwill of Samaritans helped save some of the thousands of children orphaned by the atomic bomb dropped on Hiroshima in 1945.

### Game On: Women Can Coach

Thursday, August 13 at 9 p.m.

More women have participated in sports since Title IX, yet the percentage of these athletes coached by women has dropped from 90% to 40%. Why?

### Perfect 36: When Women Won the Vote

Saturday, August 15 at 9 p.m.

Delve into the debate leading up to the dramatic vote to ratify the 19th Amendment to the U.S. Constitution.

### The Children's Crusade Revisited: Slaughterhouse-5 at 50

Saturday, August 22 at 8 p.m.

Learn how Kurt Vonnegut's 1969 novel grew from his experience as a prisoner of war to become one of the world's most-read anti-war masterpieces.

## More than Music

### Thank You for the Challenge

Sunday, August 2 at 9 p.m.

Top violinists compete to perform with the acclaimed Indianapolis Symphony Orchestra.

### The American Pianists Awards

Sunday August 9 at 8 p.m.

Jazz pianists compete for a career-making fellowship.

### Woodstock: 50 Years Later

Saturday, August 15 at 8 p.m.

Celebrate the music festival that made history.

### Figaro! Figaro!

Sunday, August 23 at 8 p.m.

A motley troupe brings opera to rural Nebraska.

### Charlie's Place

Wednesday, August 26 at 8:30 p.m.

Visit the iconic South Carolinian nightclub and explore issues of civil rights.

### More than Just Music

Sunday, August 30 at 8 p.m.

See how a high school concert choir addresses social issues while pursuing artistic success.

## Back to School

### Pomp Under the Circumstances

Saturday, August 1 at 8 p.m.

Commemorate the extraordinary graduation of the Class of 2020 with excerpts from virtual commencement messages from a variety of public figures and students.

### Julia Robinson and Hilbert's Tenth Problem

Monday, August 10 at 9 p.m.

Uncover how mathematician Julia Robinson (1919-1985) contributed to the solution of one of the 20th century's most vexing questions.

### The School of Tomorrow

Thursdays at 9 p.m. beginning August 20

How might we reshape K-12 education to be more effective and equitable? This two-part series considers how insights from cognitive science may be applied in classrooms.

### Seats at the Table

Saturday, August 30 at 8 p.m.

Students from a university join incarcerated peers to learn Russian Literature, dismantling stereotypes and discovering their shared humanity as they discuss Crime and Punishment.
