

Dear White City Elementary PTSA,

I teach at Eastmont Middle School in Sandy, and have taught there for sixteen years. I teach 9<sup>th</sup> grade World Geography and 8<sup>th</sup> grade American History. I am considering doing a needs survey with my ninth grade Honors Geography class. I recently attended a GPS/GIS community mapping class and I am investigating service learning projects.

I would like to meet with your organization about the sidewalks in the White City area that would provide safety for the elementary students who attend Edgemont and Belleview. Please let me know of a time that I could meet with and your committee concerning this project.

You can reach me at school from 7:20 a.m. to 3:20 p.m. and my phone is 412-2000.

Jay Critchlow  
9<sup>th</sup> Grade World Geography Teacher
