

1700-1900's Group Reports

There will be groups of 2-3. Each group will share for a total of 4-5 minutes. Each student in the group will need to speak for an equal share of the time. Also, each group must have a visual. It should show something to do with your given topic. You may use a PowerPoint presentation, a slideshow, a (cleared) video clip, a poster with pictures, a collage of pictures &/or words or any number of things. Make sure you clear it through the teacher first.

Topics and Guiding Questions: These questions must be answered through your presentation.
