Thanks to everyone for all of the great responses I really appreciate the help. Here are the responses I received.

§ Magic Eraser works wonders

§ Soft scrub and a non abrasive scrubby

§ A razor blade with a handle to scrape off the cooked food then cleaner of choice or magic eraser (you probably don't want the students to use these only the teacher)

§ Baking soda and a little scrubbing

Good luck and thanks again. I appreciate the help since we all know kids are messy and that's not going to change so anything to make our lives easier is awesome.
