(Do not photo copy)

94 Question(s)

Test ID: 237430

- 1) Which finish adds color to wood without covering the natural grain?
 - A. Japanning
 - B. Stain
 - C. Varnish
 - D. Paint

- 2) The primary function of a window treatment is:
 - A. To add color to a room
 - B. Light control
 - C. To provide harmony in a room
 - D. Air circulation

- 3) Which light burns whiter and is the MOST similar to natural light?
 - A. Halogen
 - B. Flourescent
 - C. Incandescent
 - D. All of these

- 4) Pedestal-based tables with curved legs and brass feet are typical of what period?
 - A. Queen Anne
 - B. Hepplewhite
 - C. Duncan Phyfe
 - D. Shaker

- 5) When you buy wallpaper, all rolls should come from the same:
 - A. Swatch number
 - B. Run number
 - C. Pattern number
 - D. Print number

- 6) The table with legs that can be swung out to support the table is called a:
 - A. Pedestal table
 - B. Chair table
 - C. Gate-leg-table
 - D. Drum table

- 7) Which column style is the most decorative of ornate?
 - A. Doric
 - B. Corinthian
 - C. Greek
 - D. Ionic

- 8) How many sloping sides does a hip roof have?
 - A. 1
 - B. 4
 - C. 3
 - D. 2

- 9) A porch with columns is a:
 - A. Pilaster
 - B. Palladian
 - C. Pediment
 - D. Portico

- 10) The chair back of Duncan Phyfe furniture is characterized by the use of the:

- Lyre
- B. Shield
- C. Ladder
- D. Splat

11) Which one of the following chairs was introduced by Thomas Chippendale?

- A. Lawson
- B. Tuxedo
- C. Windsor
- Camelback

12) The closeness with which yarns are tufted, woven, or tied is the:

- A. Backing
- Density of pile
- C. Staple yarn
- D. Twist

13) When choosing paint, choose a color that is:

- Slightly lighter than the color desired.
- B. Exactly the same as the color desired.
- C. Slightly darker than the color desired.
- D. A tint more yellow than the color desired.

14) the MOST popular and LEAST expensive wall treatment is:

- A. Tile
- B. Paneling
- Paint
- D. Wallpaper

15) An early chair with horizontal slats in the back is called:

- Ladderback
- B. Queen Anne
- C. Victorian
- D. Windsor

16) Pinch-pleated panels of fabric which can cover windows completely or be pulled to the sides are:

- A. Lambrequins
- B. Swags
- C. Valances
- Draperies

17) Adjustable ceiling/wall mounted lighting that often includes more than one fixture is:

- Track lighting
- B. Cove lighting
- C. Soft lighting
- D. A chandelier

18) Which of the following chairs was introduced by the Greek culture?

- A. Wingback
- B. Windsor
- C. Camel-back
- Klismos

19) Columns were an especially significant feature of:

- A. International architecture
- Greek architecture
- C. Victorian architecture
- D. Modern architecture

20) Which one of the following floorings has a resilient surface and returns to its original shape after stress?

- A. Tile
- B. Slate
- C. Wood

Vinyl

21) The joint used for high quality furniture construction is:

- A. Dowel joint
- B. Tongue and Groove
- C. Butt
- D. Dovetail

22) Which of the following decorative motifs is used on Corinthian columns?

- A. Quions
- B. Shell
- C. Acanthus leaves
- D. Dentils

23) Which chair is characterized by using a shield back splat?

- A. Queen Anne
- B. Sheraton
- C. Windsor
- D. Early American

24) Which is the most durable wood for kitchen cabinets?

- A. Pine
- B. Birch
- C. Alder
- D. Oak

25) What architectural feature demonstrates corners made of stone and adds decoration to the house?

- A. gingerbread
- B. half-timbering
- C. porticos
- D. quoins

26) Which is the least expensive kitchen countertop?

- A. Granite
- B. Formica/laminate
- C. Solid Surface
- D. Corian

27) Which furniture was eclectic and used elaborate and fanciful designs rather than simple designs:

- A. Duncan Phyfe
- B. Sheraton
- C. Victorian
- D. Chippendale

28) What window can be placed to the right or left of a door?

- A. side light
- B. sliding
- C. skylight
- D. double hung

29) Which architectural style is Thomas Jefferson associated with?

- A. Georgian
- B. Roman
- C. Federal
- D. Victorian

30) The natural fiber that is very absorbent and warmer than all other fibers is:

- A. Wool
- B. Silk
- C. cotton
- D. Flax

31) The chair back of Hepplewhite furniture is characterized by the use of the:

- A. Fiddle
- B. Ladder
- C. Lyre
- ✓ Shield

32) The arrangement of wood floor pieces into geometric patterns is:

- A. Random plank
- ✓ Parquet
- C. Strip
- D. All of these

33) Which style of houses generally have gingerbread decoration on them?

- A. Greek Revival
- B. Salt Box
- C. Federal
- ✓ Victorian

34) The top decoration on a highboy is called a:

- A. Lyre
- B. Pilaster
- ✓ Pediment
- D. Bracket

35) Which carpet weave will camouflage traffic paths:

- ✓ Frieze
- B. Saxony plush
- C. Velvet
- D. All of these

36) What part of a set of blueprints is drawn to scale to show the upright version of the walls, height of windows, etc?

- A. Floor plan
- ✓ Elevation Plan
- C. Foundation Plan
- D. Perspective

37) The Federal style can be distinguished by having:

- A. A mansard roof
- ✓ Windows on the first floor that are taller than the windows on the second floor
- C. Elaborate porticos on all sides
- D. Few windows and mostly wall areas

38) Which foot style is typically used on a Queen Anne chair:

- A. bracket
- B. bun
- ✓ claw and ball
- D. pad

39) Which one of the following is NOT contained in a set of blueprints?

- A. walls and doors
- B. Electrical systems
- ✓ Landscape designs
- D. Plumbing

40) Which weave would be the STRONGEST for use in upholstered furniture?

- A. Jacquard
- B. Basket
- ✓ Twill
- D. Satin

41) What type of lighting is a beam of light shining directly on a decorative object?

- A. Task
- ✓ Accent
- C. General

D. Structural

42) Laminating a thin layer of wood over a less expensive wood makes:

- veneer
- B. plywood
- C. particle board
- D. wafer board

43) What is an armoire?

- A. A French armchair
- A French storage closet
- C. A French desk
- D. A French sofa with arms

44) The simplest form of weaving which produces strong, durable fabrics is:

- A. Satin
- Plain
- C. twill
- D. Jacquard

45) The springs used in better-quality upholstered furniture are:

- Coil
- B. flat
- C. box
- D. set

46) It is best to place large pieces of furniture:

- A. After placing small pieces of furniture
- B. At a diagonal
- Parallel to the walls
- D. In the center of the room

47) The window style that combines an arched center window with rectangular windows on each side is:

- A. Sidelights
- Palladian
- C. Casement
- D. bay

48) In a set of construction drawings, which one shows the location of the structure on the site?

- Plot Map
- B. Construction details
- C. Elevation
- D. Floor plan

49) One way to check for sufficient padding is an upholstered piece is to:

- A. check the label
- B. observe how puffy it is
- C. make sure it includes foam padding
- sit on it to make sure you can't feel the frame through the fabric

50) Which type of column is illustrated by circular scrolls at the top?

- A. Corinthian
- B. Doric
- Ionic
- D. Roman

51) What joint is usually used in a high-quality chest of drawers?

- A. Dowel joint
- B. corner block
- C. Tongue and groove
- Dovetail

52) A decorative molding that divides a wall is:

- A. crown molding
- ✓ chair rail molding
- C. cove molding
- D. base molding

53) The kitchen work triangle consists of the:

- A. Refrigerator, range, and microwave
- B. Sink, dishwasher, and microwave
- ✓ Sink, range, and refrigerator
- D. Refrigerator, dishwasher, and range

54) What is the decorative trim that forms part of the outside wall on a Victorian style house is called:

- A. clapboard
- ✓ half-timbering
- C. shingles
- D. siding

55) In which of the following house styles are dormer windows commonly used?

- A. federal
- B. spanish
- ✓ cape cod
- D. classic revival

56) The architectural style that features half-timbering technique is a:

- A. Victorian
- B. Greek revival
- ✓ Tudor/Elizabethan
- D. French

57) The decorative process of spinning and shaping wood on a lathe, often used in Early American furniture styles, is called:

- ✓ Turning
- B. Scrolling
- C. Japanning
- D. Reeding

58) The house style in which architectural features include irregular roof lines and turret (pointed roof) is a:

- A. Tudor/Elizabethan
- B. Victorian
- C. French
- ✓ Greek Revival

59) The floor plan symbol that is drawn with a circle and three vertical lines represents the outlet required by an electric:

- A. Refrigerator
- B. Freezer
- C. Microwave
- ✓ Range

60) Which of the following should be considered when planning a furniture arrangement?

- ✓ All of these
- B. Traffic flow through the room
- C. Architectural features
- D. Function of the room

61) Which architect was famous for designing a house upon a waterfall?

- A. Thomas Jefferson
- B. Thomas Chippendale
- C. Frank Gehry
- ✓ Frank Lloyd Wright

62) What style is characterized by being plain and simple, emphasizing utility and displaying high-quality craftsmanship?

- A. Chippendale
- B. Modern
- C. Duncan Phyfe

Shaker

63) What fiber looks and feels MOST like wool?

- Acrylic
- B. Nylon
- C. Rayon
- D. Polyester

64) What is the BEST placement for a dishwasher

- A. Near the refrigerator
- Neart the sink
- C. Near the microwave
- D. Near the range

65) Which window treatments will be the MOST effective in reducing heat loss and heat gain?

- Blinds and shades
- B. Curtains
- C. Swags
- D. Valance

66) In what type of window can be the top pane of glass be lowered and the lower pane be raised?

- A. Casement
- B. Sliding
- C. Palladian
- Double-hung

67) The roof style that features a gable but with one side longer is a...

- A. Gambrel
- B. Mansard
- Salt Box
- D. Gable

68) Which weave forms a diagonal line and a strong, durable fabric?

- A. Jacquard
- Twill
- C. Plain
- D. Basket

69) Many of Frank Lloyd Wright's residential designs are characterized by...

- A. Irregular, steep roofs with ornamental designs
- B. A balanced window design
- C. Victorian-style architectural features
- Horizontal lines, low-pitched roofs with overhanging eaves

70) Which of the following kitchen types is generally considered the MOST effective?

- A. Corridor
- B. One-wall
- U-shaped
- D. L-shaped

71) The illustration of a floor plan symbol that shows two sides of a door and slides back and forth is:

- A. Bifold doors
- B. French doors
- C. Pocket doors
- Sliding doors

72) Which kitchen style is the MOST economical and most suitable for apartments and small living spaces?

- Parrallel/corridor
- B. U shape
- C. Island
- D. One wall

73) Which leg style has an outward curve at the top and ends with a ball and claw foot?

- cabriole
- B. reeded
- C. splayed
