---

Hi Everyone,

I've posted about this before, but thought I would mention it just in case anyone needs help with reviews.

I have written review tests on UTIPS for all the classes I teach. They are all posted on my UTIPS page. Some of them haven't been updated this year, and probably won't be, since I don't teach all the classes this semester. However, if you want an easy way to review, you are free to use my tests. Unfortunately there is no way of receiving your students scores.

I have tests for the following classes:

- \* Adult Roles & Responsibilities
- \* Child Development
- \* Clothing
- \* Foods 1
- \* Foods 2 (Advanced Foods)
- \* Interior Design

The site is [lemonkitchen.dud.utips.org](http://lemonkitchen.dud.utips.org)
