PLANNING AN OUTDOOR PLAY AREA

Your assignment is to plan an outdoor play area for a child care center. The center has twenty students. The play yard must meet minimum space allowances required by law. The children are ages 3-5. Please complete the following instructions:

1. Using a catalog of child care equipment, select appropriate pieces of playground equipment.
 - a. Identify the cost of the equipment
 - b. Identify the purpose of the equipment.
2. Draw a map of the ideal outdoor play area, listing measurements.
3. Evaluate your play area according to the fourteen guidelines discussed in class.
