

COMPETENCY #6: Perform personal/family laundry for one week applying proper care techniques.

CONCEPT: By taking care of our own or family laundry, we become more aware of what is required to keep our clothing clean and in good condition.

ASSIGNMENT:

Students will complete the student laundry assignments pertaining to this unit.

1. Identify various types of stains and analyze treatment.
2. Complete laundry experiments, relating to shrinkage and color bleeding.
3. Perform personal/family laundry for one week applying proper care techniques. This includes sorting, hand washing, laundry aids, pretreating heavy soils and stain removal.
