

COMPETENCY #4: Identify the top designers, modern and historical, European and American.

CONCEPT: To understand the fashion world is to know who the top designers are.

LECTURE/DISCUSSION

The A-Z of Fashion design that is provided in this unit gives you a brief look at many of the top designers around the world. Copy enough for a class set and pass out to the students.

ASSIGNMENTS:

You can use this resource several ways.

1. Break the class into small groups and assign parts of this for a reading session. Call the students together after a specific length of time and have them report on their specific designers. Use this as a class discussion.
2. Complete the cross-word puzzle using the "A-Z of Fashion Design" information sheets as the student reference sheets. Students can work in groups or individually.

NOTE TO TEACHER: Make a class set of these, label them "Class Copy" for use with each class, to save on duplication costs.
