TEACHING STRATEGIES

COMPETENCY #1: Define and integrate vocabulary words.

VOCABULARY: (for Personal Fashion)

1. <u>Image</u> – How a person or object is perceived.

2. <u>Stereotype</u> – An over-simplified opinion based on inadequate analysis; labeling people who look or dress a certain way, not knowing more about them than just their appearance or mannerisms.

3. <u>Self image</u> – The way that we view ourselves.

4. <u>First impression</u> – The effect or feelings created when you meet someone or see something for the first time.

5. <u>Clothing message</u> – The image you present through your clothing choices, this is sent by clothing cues.

6. <u>Clothing cue</u> – A message sent about a person by a particular article of clothing or an accessory.

7. <u>Quick judgement</u> – An initial opinion that may take many factors into consideration, and which tries to be objective. Slightly more objective then a first impression.
