

ELIMINATION OF DART

DIRECTIONS:

1. Decide where you want your gathers. (Note: if you want to eliminate both bust and waistline darts transfer the bustline dart to the waistline, using the slash method.)
2. Place notches where you want gathers to begin and end. (If bodice was to be attached to skirt, place corresponding notches on skirt waistline.)
3. Simply cross out dart and mark gathering lines. (Fig. 1)
