

TEAM FOODS -- HOME COOKING ASSIGNMENT

Dear Parents,

In order to give each student more practice in the food preparations tasks which are taught in this class, and in order to help acquaint them with their own kitchens, your student will be required to complete several home assignments. By letting us know how your student is doing at home, we are better able to adjust our program to meet his/her needs. Each assignment will be due in one week.

Thank you for your assistance.
