DESIGN A KITCHEN

1. Select a kitchen layout (U-shape, L-shape, Island, Corridor, One-wall, Peninsula).
2. Design your kitchen in the space below. Use a scale of $\frac{1}{4}" = 1'$. Make your kitchen no larger than 15' by 15'. You do not need to include an eating area.
3. Walls should be 1/8" thick
4. Use correct symbols for appliance size and identification
5. Mark the work triangle
