

Extension Ideas:

1. Have a panel of parents answer questions and share their views on how parenting has affected their lives.
2. Have students interview a parent or grandparent. Discuss how parenting is a full time job that never ends once a child is born.
3. Take a field trip to your community's family support center.
4. Using various parenting magazines, assign students to read two parenting articles. Have students summarize the article and evaluate the effectiveness of that particular article in aiding parents.
