

The Quilt Song

A quilt of many colors
that my loved ones made for me.
Reds and blues and greens and golds
It's a patchwork history.

This quilt of many colors
That was made so tenderly.
I'll treasure it forever
'Cause it tells of family.

Our families are special
Wrapped in love for all to see.
And this quilt will keep us warm
In our community.

When many years go by
I'll look back on memories
But nothing will be as sweet
As this quilt that's made for me.
