## Photo Editing Assignment using Picnik.com

- 1) Take a digital photo of a friend, family member, or yourself and upload it to Picnik.com
- 2) Using Picnik's editing features, perform at least two editing functions (crop the photo, remove redeye, etc.)
- 3) Using the Create Functions, do at least three of the following tasks: (some features are Premium, so you want to avoid them)
  1. Add Text to your photo.
  2. Add Stickers to your photo.
  3. Add an Effect to your photo (sepia, black & white, etc.)
  4. Use a Touchup (teeth whitening, etc.)
  5. Add a frame to your photo.
  6. Add seasonal effects to your photo.
- 4) When you are finished with the create functions, go to the Frames tab (Create=>Frames) and add the "Before & After" Frame to your picture.
- 5) Click on the "Save & Share" tab to save the photo to your computer.
- 6) Print your photo and submit it to your teacher.
