Career Skills - Lunch Break

You and a group of your friends have just finished a fast game of tennis. It's lunchtime and you're all hungry. You've just ordered your favorite foods at "Quinn's Quick Order," a local drive-in. Using the order pad and price list below, figure the total cost for each lunch, including sales tax. (See tax chart provided by your teacher.)

1. Jed: Two cheeseburgers, each with lettuce, tomato, onions; large fries; large root beer.

Total _____

2. Jane: One plain cheeseburger, large fries, and a small fruit punch.

Total _____

3. Jim: One hamburger, small fries, and small lemonade.

Total _____

4. Joni: One hot dog with lettuce, tomato, onions; large fries; chocolate milkshake.

Total _____

QUINN'S QUICK ORDER	Hot Dog	\$1.50
	Hamburger	\$1.85
	Cheeseburger	\$2.35
	Lettuce, tomato, onion	\$.60
	Large Fries	\$1.25
	Small Fries	\$1.00
	Large Soft Drink	\$1.25
	Small Soft Drink	\$.75
	Milkshake	\$1.65

Soon after you left, a busload of baseball players pulled into the drive-in. Using the prices listed above, an order pad, and the tax chart, figure their total bill.

5. Ten people ordered: One hamburger with lettuce, tomato, and onion; and a small fruit punch.

Sub Total _____

6. Ten people ordered: One cheeseburger with onions, large fries, and a large root beer.

Sub Total _____
