

# Home Connection

Dear Family,

Today I learned that I have a right to be in an environment where I feel safe. We discussed safe ways to be a bodyguard to someone who is being bullied. Tell me about a time when someone helped you by being a bodyguard, or when you were a bodyguard for someone else who was being bullied. How old were you? What happened? What helped? What do you wish you would have done differently?

Thanks! You're the best!
