

## ***Special Homework Assignment***

Our class is beginning a social studies unit on America, patriotism, and freedom. As part of this unit, each student needs to select one symbol or unique feature of America to learn more about. This could be the flag, Liberty Bell, Statue of Liberty, Mount Rushmore, etc. After selecting their symbol they need to find or draw a picture of the item, or create a model. Students then need to research information to learn more about it. On \_\_\_\_\_, students need to bring their picture or model and a half page report with information to share with the class.

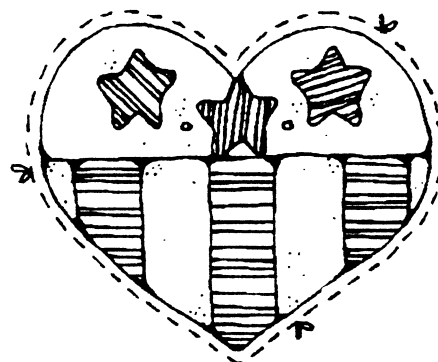

Thank you for your support!
