

# Interior Design

## Unit 2

### Elements of Design

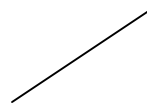

#### Line

#### Line

- The connection of two points
- And element in a room that moves the eye

#### Line Directions

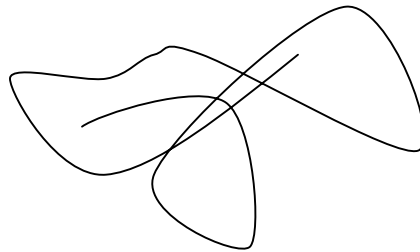

- Horizontal—follows the horizon
- Diagonal—angled

- Vertical—up and down

- Curved--

#### Use of lines

- Used to separate or unify an area
- Used to direct the eye
- Can create feelings
  - Horizontal lines—restful
  - Vertical lines—feeling loftiness, imposing, formality & height
  - Curved lines—feeling is feminine and graceful
  - Diagonal lines—create excitement, energy and direction
    - Sharp angles and competing lines can create an uncomfortable and uneasy feeling
