The American Careers - Health Careers Planner can be purchased at Career Communications, Inc. 6701 West 64th Street Overland Park, KS 66202 (913) 362-7788 <http://www.carcom.com>

Background for Teachers

Since you only have a classroom set of the HCP's, you may want to run copies of the crossword puzzle so they can be consumed by the students. Also the answers wouldn't be so readily available to the students as they are in the HCP.

There is an American Careers-HCP Teaching Guide, but it is better suited for the high school level not 7-8th grade level. There are two good surveys included that could be revised and used if wanted: "General Attitude Survey" and "Performance Assessments". Also the glossary could be of use for you and/or your students.

Intended Learning Outcomes

Students will review various careers included in the Therapeutic Services Pathway.

Instructional Procedures

Students will:

Read pages 8-16 in the HCP

Complete the attached worksheet "Exploring Therapeutic Careers" using the articles on pages 8-16 of the HCP, articles include: "Plastic and Reconstructive Surgeon", "Pediatric Nurse", "Athletic Trainer" and "Respiratory Therapist."

Optional: Complete the activity titled "Working with Words", copied from page 15 of the HCP.

Answers to the "Working with Words" activity are located on page 16 of the HCP
