- [Pre and Post Test](#)

Handouts and Posters (included with lesson)

- [Rationalizations for Pornography Use](#)
- [Prevention Plan: A Parent's Checklist](#)
- [Research Report on the Effects of Regular Pornography Consumption](#)
- [Suggestions for Overcoming a Pornography Habit](#)
- [Understanding How Youth Access Pornography](#)
- [What can you do if you know someone is using pornography?](#)

Intended Learning Outcomes

Students will learn the dangers of pornography.

Students will learn how predators / pedophiles access personal information to find their victims.

Students will take a pre and post test to assess their knowledge.

Students will learn how to "crash and tell" when they come across pornography on the Internet.

Students will learn about the cycle of addiction and consequences.

Instructional Procedures

Readiness and Setting the Focus (getting the lesson started):

Pre test(access students knowledge and understanding)

Strategies and activities
