

Universe Pictionary

Summary

Students will play the popular game "Win, lose or Draw" or also called "Pictionary," using important vocabulary in the unit. They will do this in small groups.

Main Core Tie

Science - Earth Science

[Standard 1 Objective 1](#)

Time Frame

1 class periods of 60 minutes each

Group Size

Small Groups

Materials

- [vocabulary slips](#)
- 6 envelopes
- scratch paper
- pencils

Instructional Procedures

Hook

: As class begins, reveal a picture (one that you have drawn of today's activity) that shows students playing pictionary. Give the students a couple minutes to figure it out.

Make 2 copies of the vocabulary list below and cut out six sets of words to put in six separate envelopes.

Divide students into groups of 6 and give each group an envelope.

Explain that they will be playing pictionary using the words we have learned in this unit. In their groups of 6 they should divide into 2 teams of 3 people. One student should choose a word from the envelope and he/she as well as a representative from the opposing team will draw that word simultaneously. The team that guesses the word first receives a point. After all words have been used the team with the most points
