

# Radioactive Dating Game

## Summary

Students will use an interactive website to understand the concept of radioactive decay.

## Time Frame

1 class periods of 60 minutes each

## Group Size

Pairs

## Materials

- [student worksheet](#)  
(attached)  
computers with Internet access. Students will use the website linked below.

## Instructional Procedures

Give each pair of students a worksheet. All instructions are found there so that they may work through the lab/game at their own pace.

## Bibliography

Lesson Design by Jordan School District Teachers and Staff.
