Audioboom Lesson

Summary
Students will be able to use Audioboom podcasting app to record their daily eating choices for our Nutrition Unit.

Main Core Tie
Health Education - 6th Grade
Strand 5: NUTRITION (N)

Time Frame
1 class periods of 45 minutes each

Group Size
Small Groups

Life Skills
Communication

Materials
1 iPad for small groups of 7

Background for Teachers
Teacher must know about Nutrition and have facts and information.

Student Prior Knowledge
Students will have completed the unit on Nutrition

Intended Learning Outcomes
Students will be able to track their food choices and then use the iPad to be able to do a podcast their choices. Students will have a great knowledge of nutrition.

Instructional Procedures
This is the final project for Nutrition Unit.
Students will learn the basics of iPad and the app of Audio Boom
Students will record their daily food choices of the previous day on a podcast.
After each student is finished, they will pass the iPad to a different student so they can record their daily food choices.

Strategies for Diverse Learners
Any students that struggle with technology or have special needs will be paired with another student to help them. I will also be walking around the room helping any students that need help.

Assessment Plan
After each day of class, I will have "Exit cards" about proper iPad rules and questions about the audio boom app.
