Background for Teachers
As a motivator for this lesson share the following story. Remember--with Noah, timing was everything!
Lessons on Life from Noah
Everything I need to know about life, I learned from Noah's Ark...
One: Don't miss the boat.
Two: Remember that we are all in the same boat.
Three: Plan ahead. It wasn't raining when Noah built the Ark.
Four: Stay fit. When you're 600 years old, someone may ask you to do something really big.
Five: Don't listen to critics; just get on with the job that needs to be done.
Six: Build your future on high ground.
Seven: For safety's sake, travel in pairs.
Eight: Speed isn't always an advantage. The snails were on board with the cheetahs.
Nine: When you're stressed, float a while.
Ten: Remember, the Ark was built by amateurs; the Titanic by professionals.
Eleven: No matter how bad and booming the storm, when you are with family/friends/God, there's always a rainbow waiting.

Intended Learning Outcomes
Better time-management techniques.
