

**Secure  
Wi-Fi**

**Wherever  
You Roam**

Don't let location limit your internet access.

Connect to eduroam – a secure wireless service for Utah teachers, students and staff!

Enjoy secure, high-speed internet access at participating institutions worldwide, all with your school credentials.

eduroam is located in most Utah K-12 schools, colleges and universities. It's also at libraries, at state parks and on Frontrunner.

## Get Connected

### 1. Find eduroam

On your device, go to Wi-Fi settings and select "eduroam."

### 2. Enter Credentials

You'll be prompted for your username and password.

**Username:** Typically your school email address

**Password:** Your school-provided password

### 3. Confirm Connection

If necessary, confirm any security certificates or prompts to establish the connection.

Download the eduroam Companion App to see eduroam connection sites worldwide.

## Need Assistance Connecting?

Contact your school technology department for instructions on how to best access and use eduroam.
