K - 12 Instructional Programming

KUEN approved a comprehensive schedule of instructional programs for use in Utah's elementary and secondary schools. These programs were selected and scheduled in cooperation with the Utah State Office of Education. A representational list of these programs includes;

Let's Learn!: Let's Learn is an educational public television series for children ages 3 to 8, featuring lessons by educators, STEM specialists, teaching artists, and others. 130 one-hour programs include instruction in literacy, math, science, social studies and the arts to supplement at-home learning. The series also supports social-emotional learning and 2 brings viewers on virtual field trips to see dance performances, meet animals, visit botanical gardens and more. **KUEN-TV** aired this series of 1 hour programs Monday through Friday at 11:00 a.m.

Turning Points in US History: Turning Points in U.S. History is a series designed to provide a clear overview of the people and events that became significant pivotal points in history. Rare archival footage and photographs, authentic recordings, and other primary source documents bring history to life, while stunning graphics and engaging narration lend context and clarity to the subject. This series aired Fridays from 9:00 a.m. to 11:00 a.m. on **KUEN**

Sing and Spell: These animated musical programs teach young children the basics of phonics and word and letter identification, using original songs and lessons for lively learning. The series features the first 29 high frequency words presented in the Open Court/Imagine It language arts kindergarten program. This edutainment media content for young learners is a fun way to get children onto the reading runway and for teaching English language learners. This series aired on **KUEN** Tuesdays from 11:30 a.m. to 12:00 p.m.

Real Life 101: Career Guidance Series: Real Life 101 introduces you to real people doing real jobs. From doctors, lawyers and veterinarians to counselors, teachers and entertainers. Real Life 101 takes you on the job so you can see for yourself why these professionals love what they do. Learn about jobs you might not know even existed and the education it takes to put you in the right direction! **KUEN** broadcast this series Tuesdays and Thursdays at 3:00 p.m.

Science and Discovery: An Emmy Award-winning science series that empowers today's students to think critically about Planet Earth and become environmentally aware. Into the Outdoors uncovers the science behind sensible solutions to create a healthy planet and empower

the next generation to become sustainable stewards of Planet Earth. **KUEN** aired this on Thursdays from 11:00 a.m. to 12:00 p.m.

Public Affairs Programming

DW News: DW News presents a half-hour package of international news and analysis with a unique European perspective. The program consists of a 12 minute summary of world headlines reported from Deutsche Welle bureaus around the world. The program also includes a five minute capsule of the latest from the financial markets and up-to-date information on economic trends, followed by an in-depth report on a major issue of the day. This program aired Monday through Friday at 7:00 p.m. on **KUEN**.

Alzheimer's: The Caregiver's Perspective: According to the Alzheimer's Association, more than 15 million family members and friends provided 18.1 billion hours of unpaid care in 2015 to those with Alzheimer's and dementia. Alzheimer's is more than memory loss; it affects many generations and is the sixth leading cause of death in the United States. In **ALZHEIMER'S: THE CAREGIVER'S PERSPECTIVE**, caretakers share their diverse experiences of caring for loved ones in the world of dementia - from diagnosis to saying the long goodbye. A variety of caregivers, family members and many others explain how they creatively navigate the frustrations, sorrows, and complications of caring for a loved one who can no longer function safely on their own. **KUEN** aired this one-hour program Saturday, November 27 at 8:00 p.m.

Zeroing In: Carbon Neutral 2050 : People from all walks of life are reinventing the way we live and work together to stop climate change. **ZEROING IN: CARBON NEUTRAL 2050** is a six-part series that reports stories on grassroots action for a carbon-neutral future. This six-part series aired Thursdays at 8:00 p.m. beginning December 16 on **KUEN**.

NHK Newslines: **NEWSLINE** is produced by NHK, Japan's news leading public broadcaster, delivering the latest from Japan, Asia and the rest of the world. featuring global news and current affairs, business, sports, science and technology trends plus global weather forecasts from over 30 news bureaus throughout the world. Their wide network of correspondents around the globe cover breaking news and developing stories, offering a unique Asian perspective. Together with a team of trusted anchors, **NHK NEWSLINE** presents a picture of what's happening now, and what's ahead. **KUEN** aired this series twice a day, Monday through Friday, at 7:00 a.m. and 7:30 p.m.

Making It in America: There are few places where immigrants are shaping the economy in more significant ways than in Florida, where Miami leads the nation in entrepreneurial activity and the startup of new companies. **MAKING IT IN AMERICA** highlights the important contributions being made by immigrant entrepreneurs to the economy of Florida and the United States, across multiple fields - from construction to medicine to tech. The hour-long documentary profiles a range of individuals with different ages, backgrounds and careers. These interviewees, among others featured, all own thriving companies in Florida and are part of a group of immigrant business owners playing an indispensable role in the state's economy and beyond, as well as generating hundreds of thousands of jobs across every industry. This documentary aired on **KUEN** Thursday, October 7 at 9:00 p.m.

General Interest Programming

Art Connection: This weekly series highlights four artists and their craft. Travel around the world, meeting fascinating people and the love of art that connects them all. This series aired Sundays at 7:00 p.m. on **KUEN**.

From Computers to Artificial Intelligence: A History: It took the Agricultural and Industrial revolutions nearly three centuries to transform the world, but the Digital Revolution has produced more change in the last 80 years than the other two combined. How this third revolution occurred is the riveting story told in this groundbreaking seven-part series. **KUEN** aired this series Mondays at 8:00 p.m. beginning October 4.

Chasing Voices: From 1907 until his death more than 50 years later, ethnologist John Peabody Harrington crisscrossed the U.S., chasing the voices of the last speakers of Native America's dying languages. Moving from one tribal community to the next, he collaborated with the last speakers to document every finite detail before their languages were lost forever. CHASING VOICES chronicles Harrington's work and traces the impact of his exhaustive research on Native communities working to restore the language of their ancestors. This 60-minute documentary aired on **KUEN** Wednesday, November 17 at 9:00 p.m.

Heartland Local Food: The local food debate going on at the Farmers' Market in Lawrence, Kansas is representative of the food issues facing the entire United States. This film explores questions about what makes food sustainable, how farmers' markets build community, and why local food matters. This documentary also examines the challenges facing local food systems and how farmers' markets represent the heart of the American Food System. By highlighting stories from several Kansas farmers, this documentary explores the challenges of growing food in ethical and sustainable ways. **KUEN-TV** aired this one-hour program Tuesday, December 14 at 9:00 p.m.

Expeditions with Patrick McMillan: Naturalist, author, educator and Emmy-winning host Dr. Patrick McMillan embarks on exotic and fascinating adventures throughout North and South America EXPEDITIONS WITH PATRICK MCMILLAN. The series overflows with compelling wildlife and wilderness footage captured in the United States and beyond. McMillan's passion and contagious enthusiasm for the natural world is evident as he journeys through gorges, immense seas of grass, deciduous forests, Arctic tundra and other ecologically rich destinations. This season, he treks through the wildlands of California, sees the remnants of a land bridge in Alaska and explores the ever-changing tapestry of the Great Plains, among many other voyages of discovery. This series of 30-minute program aired Saturdays at 3:00 p.m. on **KUEN**.

Elvis and the USS Arizona: The surprising story of how one of music's biggest icons helped to establish a USS Arizona memorial in Pearl Harbor. Elvis' fundraising concert drew public attention to the plight and helped to galvanize efforts to finish the USS Arizona Memorial as it stands today. This documentary aired on **KUEN** Wednesday, November 10 at 8:00 p.m.
