

# UEN-TV Monthly Health Highlights - August 2019

## A Spark of Nerve

Monday, August 12 at 9 p.m.

Dr. Susan E. Mackinnon is restoring movement to limbs that many doctors believe to be permanently paralyzed. It's not science fiction! With a pioneering technique called nerve transfer surgery, patients are rewired with their own redundant nerves, retraining the brain to move lifeless muscles.

## 3 Seconds Behind the Wheel

Tuesday, August 13 at 9 p.m.

Why three seconds? Follow the lives of eight drivers (between the ages of 18 and 65 in Florida and Connecticut) over six months using in-car cameras and tracking technology to monitor the often-hidden behavior of distracted drivers.

## Drugged Driving

Tuesday, August 20 at 8:30 p.m.

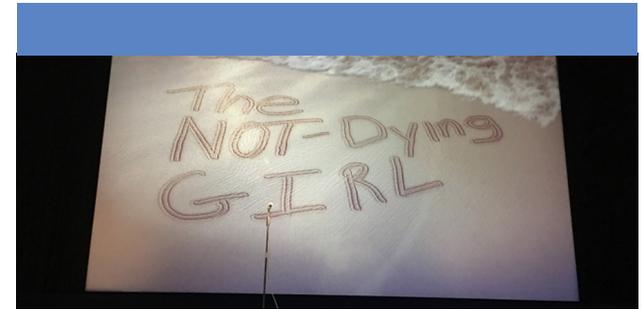

Increasingly, health care, safety and law enforcement experts point to a dangerous new trend -- driving impaired from illegal drugs, pills or even common prescription medicines. The threat is the greatest during the evening hours on weekends when as many as one in four drivers could be impaired.

## Gluten Free

Tuesday, August 20 at 9 p.m.

Is gluten harmful or not? Is it a fad diet, or can it actually kill people? Millions of people have joined the conversation, but little has been clarified as the food industry today sells more than \$5 billion a year in gluten-free foods. Learn what's going on, as we take you on a gut-wrenching journey that explains the true story of gluten, with its facts, myths, mysteries and deadly potential revealed. If you know any of the millions of people in the United States with a gluten-related illness, this film is a must-see event for you.

## The Not-Dying Girl

Friday, August 21 at 8:30 p.m.

Discover the emotional story of Lauren McCullough, a star high school athlete who was diagnosed with Ewing's Sarcoma and spent her time spreading awareness about the cancer and completing inspiring bucket-list items.
