

# UEN-TV Monthly Health Highlights - February 2019

## After Ebola: Preparing for a Pandemic

Friday, February 1 at 8 p.m.

The most contagious and deadly diseases in the world could be on our doorstep overnight. Would we recognize the symptoms? Could we treat the disease or keep it from spreading?

## True North: The Sean Swarner Story

Friday, February 8 at 8 p.m.

Follow adventurer and two-time cancer survivor Sean Swarner on his quest to reach the North Pole and become the world's first cancer survivor to complete the Explorer's Grand Slam-scaling the highest point on all seven continents and then hiking to the North and South Poles.

## Place of Refuge: Calming the Storm of Divorce

Tuesday, February 12 at 8:30 p.m.

What parents can do to help prevent emotional pain, trauma, behavioral and learning problems often experienced by children.

## SEARCHING FOR HOME

COMING BACK FROM WAR

## Searching for Home: Coming Back from War

Thursday, February 14 at 8 p.m.

Learn of the truth, the healing and the hope of veterans from all generations returning home from war and their search for the "home" they left behind - physically, mentally and spiritually.

## The Placebo Effect

Friday, February 15 at 8 p.m.

To attribute a cure to the placebo effect, was to consider that the illness was created in the mind of a hypochondriac. Now, scientific studies reveal that the placebo effect can result in observable, quantifiable physiological changes.

## Re'flect: Successful Aging Defined

Tuesdays at 8:30 p.m. beginning February 19

The series highlights six vibrant older adults living life by their terms. This series provides insight into the active and engaged world of today's seniors who are living out loud and defying stereotypes associated with aging.

## Coming of Age in Aging America

Tuesday, February 19 at 9 p.m.

A look at how America's social and economic institutions will adapt due to demographic changes.

## Hooked RX: From Prescription to Addiction

Friday, February 22 at 8 p.m.

Investigate the alarming rise of prescription opioid abuse in Arizona in this Cronkite News special report produced by more than 100 students at ASU's Walter Cronkite School of Journalism and Mass Communication under the guidance of over a dozen faculty members.

## The Doctor Fix: A New Era in Modern Medicine

Tuesday, February 26 at 9 p.m.

An exploration of America's evolving healthcare system. Through compelling scenes and in-depth interviews with patients, doctors, healthcare experts and stakeholders, this documentary reveals a profession in transition that impacts the lives of patients everywhere.
